

CJ & Associates, Inc.

SENIOR INTERIOR DESIGNER

Vicky Merline, NCIDQ
Professional Member, IIDA
NCIDQ Certificate #026168

Pressure? Bring it on.

As a Senior Interior Designer, I listen to my clients and educate them as we work together turning an idea into a reality.

I love what I do even when deadlines are looming and challenges are plentiful! I find it exciting to be part of an industry that is very dynamic. It's a constant learning and growing process to keep up with new and current trends in furniture, finishes and colors.

It's a great feeling to fulfill my customer's needs with a functional, beautiful, safe work environment delivered right on time.

CJ & Associates, Inc., a Nationally Certified WBE, is a full service interior design, office furnishings and remodeling firm. Our certified interior designers can enhance productivity in the workplace through effective space planning, sustainable furniture solutions and finish selections.

We back up our extensive product offering with an unequalled service warranty.
