

CJ & Associates, Inc.

## Furniture Project Manager

Debbie Karegeannes

Let me just get my cape.

I leap large challenges in a single bound! Build up teams and individuals with super empowerment! Brainstorm and process to make it happen! Support sales and design teams with a single hand! See project concepts from all perspectives! Delight clients with excellent service!

I'm excited to be part of a team of people that challenge the ordinary, to provide their clients with an exceptional experience from start to finish. Being able to provide assistance, whether to a client or colleague, with a can-do attitude and thorough follow up makes my job ... well ... super!

CJ & Associates, Inc., a Nationally Certified WBE, is a full service interior design, office furnishings and remodeling firm. Our certified interior designers can enhance productivity in the workplace through effective space planning, sustainable furniture solutions and finish selections.

We back up our extensive product offering with an unequalled service warranty.
